## Citi sees rebound in rupee as RBI slows dollar purchase

**THE RUPEE IS SET** to bounce back from near an all-time low as the RBI slows its dollar purchases, according to Citigroup, reports Bloomberg. The currency may recover to as strong as 80 per dollar as easing crude prices and rising services exports help narrow the CAD. Almost 11 months of import cover is likely to be prime reason behind the RBI slowing the pace of accumulation. Rupee fell 4 paise to close at 82.64 against dollar on Monday; it has weakened 0.9% so far this month. That puts the currency less than 1% away from its all-time low of 83.2912 set in October. The central bank boosted its foreign-exchange stockpile to \$600 billion by the middle of May.

# BSB Bank to enhance SME focus

**Asia connectivity and hunger to grow big positives for Singapore-based bank**

**AJAY RAMANATHAN**  
Mumbai, May 29

**BSB BANK INDIA** is looking to increase its small and medium-sized enterprises (SME) mix to 30% of the overall loan portfolio in the next five years, from 10% currently, said the lender's executive director, Sudarshan Chari. "SME is a focus area. It is one of the key pillars of growth in the background of the wholly owned subsidiary set up," he said. The bank aims to grow its

The spike in interest rates will impact bottom lines of SMEs. Working capital cycles have got a bit stretched after Covid. Cost of borrowing has gone up. **SUDARSHAN CHARI**, ED, BSB BANK INDIA

would play out through our network and partner support," Chari said.

While various Indian banks and non-bank lenders have been vying for a bigger chunk of the SME pie, Chari believes that "Asia connectivity" and "hunger to grow" sets the Singapore-based bank apart.

However, the impact of higher interest rates on SMEs is a key monitorable. "The spike in interest rates will impact the bottom line of SMEs. Working capital cycles have also got a bit stretched after Covid. The cost of borrowing has also gone up. This will have an impact on the bottom line," he said.

"The price transfer that SME managers always happens with a bit of a lag. This means that

there will be a short-term impact to the profitability. But on a long-term basis, they will all correct and move on. Overall, I do not see a challenge in terms of the performance of SMEs."

BSB Bank Singapore a grant of up to 250,000 Singapore dollars or 1.5 crore for social enterprises and SMEs that are developing innovative solutions to address key social and environmental issues.

"We did a survey last year and we figured out that the awareness among SMEs with regard to sustainable practices is quite high. The only challenge that SMEs face is that they would have to do some financial investments. Technological ability and financial ability are the two stumbling blocks," he said.

## SBI raises \$750 mn via bonds

Issued through the London branch to fund the offshore business growth

**FE BUREAU**  
Mumbai, May 29

**COUNTRY'S LARGEST LENDER** State Bank of India (SBI) on Monday said it has raised \$750 million under its \$10-billion medium-term note (MTN) from overseas investors, according to a release.

The bonds were raised on India INX's Global Securities Market platform at CIBC International Financial Services Centre (IFSC) in Gujarat's Gandhinagar. The bonds were issued through SBI's London branch to fund offshore business growth and were priced competitively, a release said. "The success of the issue highlights the strong investor base SBI has created for itself in the offshore capital markets.

The issuance received huge participation from several marquee accounts across geographies resulting in largest spread compression amongst all USD Indian bond issuances during the current year. SBI chairman Dinesh Khara said, "In April, the SBI had raised another \$750 million through five-year regulation bonds at a coupon of 4.875%. The bonds, and listing of bonds aggregate to around \$52 billion.

## Oil dips as rate hike bets offset US debt deal

**ARATHY SOMASEKHAR**  
Houston, May 29

**OIL PRICES SLIPPED** on Monday, as worries over further interest rate hikes that could curb energy demand trumped a tentative US debt ceiling deal that would avert a default by the world's top oil consumer. Brent crude futures slipped 22 cents, or 0.3%, to \$76.72 a barrel by 1640 GMT, while US West Texas Intermediate crude was flat at \$72.67 a barrel. Trade remained subdued on Monday because of public holidays in the US and UK.

"The euphoria of the debt deal is wearing off as concern mounts for another rate hike by the Fed in June," brokerage

Liquidity Energy LLC wrote. US President Joe Biden and House of Representatives Speaker Kevin McCarthy over the weekend forged an agreement to suspend the \$3.14-trillion debt ceiling and cap government spending for the next two years. Both leaders expressed confidence that members of the Democratic and Republican parties will support the deal.

Still, analysts say any boost in oil prices from it as short-lived, with earlier gains in the session lost. Markets are now pricing in a roughly 50-50 chance that the Fed raises rates by another 25 basis points at its June 13-14 meeting. —REUTERS
